Before the response to the verification request is received, paragraph 6 of Article 3.26 (Granting Preferential Tariff Treatment) may be applied. The customs duties or deposit paid shall be refunded if the received results of the verification procedures confirm and clearly indicate that the goods qualify as originating and all other requirements of this Chapter are met.

7. The customs authority of importing Party shall verify the authenticity of the Certificate of Origin in accordance with this Article if:

11. The results of the verification visit shall be documented in the English language in the form of a report prepared by the verification team, which shall clearly indicate the compliance or non-compliance of the verified goods with the requirements of this Chapter.

12. Verification authority of the exporting Party shall send to the producer and/or exporter of the verified goods the results of such verification not later than 20 (twenty) days from the date the verification visit is finished.

2. A Party applying a global safeguard measure, from which imports from the other Party is initially excluded pursuant to paragraph 1 of this Article, shall have the right to subsequently apply a global safeguard measure to imports from the other Party, if the investigating authority determines that the other Party's share of imports of the product concerned in the importing Party exceeds 3 (three) per cent of total imports.

Article 5.14

Application of Bilateral Safeguard Measures

1. Where, as a result of the reduction or elimination of a customs duty under this Agreement, originating goods of a Party specified in Annex 1 (Schedules of Tariff Commitments) are being imported into the territory of the other Party (hereinafter referred to as “preferential imports”⁵) in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to constitute serious injury or threat thereof to the domestic industry producing like or directly competitive goods in the territory of the importing Party the importing Party may apply a bilateral safeguard measure to the extent necessary to remedy or prevent the serious injury or threat thereof, subject to the provisions of this Section.

2. If the conditions set out in paragraph 1 of this Article are met, the importing Party may apply a bilateral safeguard measure only in the form of:

(a) suspension of the further reduction of any rate of customs duty provided for in this Agreement on the originating good; or

(b) increase of the rate of customs duty on the originating good to a necessary level not exceeding the most-favoured-nation applied rate of customs duty in effect at the time the bilateral safeguard measure is applied.

3. Bilateral safeguard measures shall only be applied upon demonstrating clear evidence that increased preferential imports constitute serious injury or are threatening to cause serious injury.

4. In the proceeding to determine whether increased preferential imports constitute serious injury to a domestic industry under the terms of this Article, a Party’s investigating authority shall evaluate all relevant factors of an objective and quantifiable nature having a bearing on the situation of that industry,

⁵ For the purposes of this Section “preferential imports” – imports of originating goods under preferential tariff treatment.

in particular, the rate and amount of the increase in preferential imports of the product concerned in absolute or relative terms to domestic production, the share of the domestic market taken by increased preferential imports, changes in the level of sales, production, productivity, capacity utilisation, profits and losses, and employment.

5. A threat of serious injury shall be understood to mean serious injury that is clearly imminent. A determination of the existence of a threat of serious injury shall be based on facts and not merely on allegation, conjecture or remote possibility.

6. A Party's investigating authority shall demonstrate, on the basis of objective evidence, the existence of the causal link between increased preferential imports of the product concerned and serious injury or threat thereof. In this respect, due consideration shall be given to other factors which are also causing injury to the domestic industry at the same time, including imports of the same product from other countries, and such injury shall not be attributed to increased preferential imports.

7. A Party shall apply a bilateral safeguard measure only following a bilateral safeguard proceeding by the Party's investigating authority.

8. A Party shall promptly notify in writing the other Party upon initiating a bilateral safeguard proceeding and the reasons for it. Such notification shall include:

(a) a precise description of the originating good subject to the bilateral safeguard proceeding including its heading or subheading under the HS, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based;

(e) the proposed date of introduction of the bilateral safeguard measure and its expected duration;

(f) the timetable for the progressive removal of the measure, if relevant;

(g) a compensation proposal in accordance with paragraph 14 of this Article.

12. The Parties shall provide the electronic copies of notifications and requests made under this Article no later than the date of the official letters of notifications or request in printed format are sent.

13. The Party shall, within 30 (thirty) days from the date of notification referred to in paragraph 10 of this Article, examine the information provided in order to facilitate a mutually acceptable resolution of the matter.

14. The Party that may be affected by the measure shall be offered compensation in the form of substantially equivalent trade liberalisation in relation to the imports from such Party.

15. Upon the request of any Party, sent within 30 (thirty) days after the receipt of the notification under paragraph 10 of this Article, the Parties shall immediately enter into consultations to arrive at a mutually agreed solution, including compensation. If a mutually agreed solution is reached, this solution shall be laid down in writing and shall be binding upon the Parties. If no mutually agreed solution is reached within 60 (sixty) days from the date of the receipt of the notification referred to in paragraph 10 of this Article, the importing Party may apply a bilateral safeguard measure to resolve the problem and, in the absence of mutually agreed compensation, the Party, against whose good the bilateral safeguard measure is applied, may take a compensatory action.

16. The compensatory action shall normally consist of suspension of concessions having substantially equivalent trade effects and/or concessions substantially equivalent to the value of the additional duties expected or as a factual result of the bilateral safeguard measure. The Party taking a compensatory action shall apply the action only for the minimum period necessary to achieve the substantially equivalent trade effects and in any event after the bilateral safeguard measure entered into force, only while the bilateral safeguard measure is being applied.

17. The compensatory action shall be immediately notified to the other Party in writing at least 30 (thirty) days before the application of a compensatory measure. The notification shall contain:

- (a) a description of the compensatory measure, including a description of the equivalence of the compensatory measure;
- (b) a precise description of the originating good subject to the compensatory measure including its heading or subheading under the HS, on which the schedules of tariff commitments in Annex 1 (Schedules of Tariff Commitments) are based, if relevant;
- (c) a form of the compensatory measure;
- (d) the date of introduction of the compensatory measure and its expected duration.

18. A Party shall promptly notify in writing the other Party upon taking a decision to apply or extend a bilateral safeguard measure.

19. The notification pursuant to paragraph 18 of this Article shall include:

- (d) the timetable for the progressive removal of the measure, if relevant.

20. A bilateral safeguard measure shall be taken for period not exceeding 2 (two) years. The period of application of a bilateral safeguard measure may be extended by up to 1 (one) year, if there is evidence that it is necessary to remedy or prevent serious injury or threat thereof and that the industry is adjusting.

21. A bilateral safeguard measure shall not be applied in the first year from the date of entry into force of this Agreement.

22. With respect to bilateral trade neither Party shall apply, with respect to the same good, at the same time:

- (a) a bilateral safeguard measure; and

23. A Party shall not apply a bilateral safeguard measure again on the same good for the period of time equal to that during which such measure had been previously applied.

24. Transition period means, in relation to a particular good, the period from the entry into force of this Agreement until 5 (five) years after the customs duty on that good is to be eliminated in accordance with Annex 1 (Schedules of Tariff Commitments).

25. Bilateral safeguard measures shall not be applied or maintained after the end of the transition period.

Article 12.4

Choice of Forum

1. Except as provided in this article, this Chapter is without prejudice to the rights of a Party to have recourse to dispute settlement procedures available under other agreements, including the WTO framework, to which it is a Party.

2. Where the complaining Party has, with regard to a particular measure, initiated a dispute settlement proceeding either under this Chapter or under other agreements, including the WTO framework, it shall not institute a dispute settlement proceeding regarding the same measure in the other forum until the first proceeding has ended. Moreover, the complaining Party should not initiate dispute settlement proceedings under this Chapter and under other agreements, including the WTO framework, unless substantially different obligations are in dispute, or unless the forum selected fails for procedural or jurisdictional reasons to make findings on the claim seeking redress of that obligation, provided that the failure of the forum is not the result of a failure of a disputing Party to act diligently.

3. For the purposes of paragraph 2 of this Article:

(a) dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's request for the establishment of a panel under Article 6 of the DSU and are deemed to be ended when the Dispute Settlement Body

(hereinafter referred to as “DSB”) established in paragraph 1 of Article 2 of the DSU adopts the Panel's report, and the Appellate Body's report, as the case may be, under Articles 16 and paragraph 14 of Article 17 of the DSU;

(b) dispute settlement proceedings under this Chapter are deemed to be initiated by a Party's request for the establishment of an arbitration panel under Article 12.7 (Initiation of Arbitration Procedure) and are deemed to be ended when the arbitration panel issues its final report to the Parties under Article 12.11 (Interim and Final Arbitration Panel Report) or when arbitration procedures have been terminated under Article 12.15 (Suspension and Termination of Arbitration Procedures); and

(c) dispute settlement proceedings under other agreement are deemed to be initiated by a Party's request for the establishment of, or referred a matter to, a dispute settlement panel or arbitral tribunal and are deemed to be ended when the arbitration panel issues its final report to the Parties or when arbitration procedures have been terminated.

4. Nothing in this Chapter shall preclude a Party from implementing the suspension of obligations authorised by the DSB.

5. The WTO Agreement shall not be invoked to preclude a Party from suspending obligations as provided for under this Chapter.

6. This article does not apply where the Parties agree in writing that this article shall not apply to a particular dispute.

Article 12.5 Consultations

(c) endeavour to make available for the consultations personnel of its government agencies or other regulatory bodies who have responsibility for, or expertise in, the matter under consultation.

2. A Party shall seek consultations by means of a written request to the other Party's contact point and shall give the reasons for the request, including identification of the measures at issue, the applicable provisions of the Agreement and the reasons for the applicability of such provisions.

3. Consultations shall be held no later than 30 (thirty) days after the date of receipt of the request by the other Party, and shall be deemed concluded 60 (sixty) days after the date of receipt of the request, unless the Parties involved in consultations agree otherwise. Consultations on matters of urgency, including those regarding perishable goods, shall be held no later than 15 (fifteen) days after the date of receipt of the request by the other Party, and shall be deemed concluded 30 (thirty) days after the date of receipt of the request, unless the Parties involved in consultations agree otherwise.

4. Consultations may be held in person or by any technological means available to the Parties. If consultations are held in person, they shall be held in the territory of the Party to whom the request was made, unless the Parties involved in consultations agree otherwise. Consultations shall be confidential and without prejudice to the rights of either Party in any further proceedings.

5. If the Party to whom the request is made does not respond to the request for consultations within 10 (ten) days of the date of its receipt, or if consultations are not held within the timeframes laid down in paragraph 3 of this Article, or if consultations have been concluded and no mutually agreed solution has been reached, the complaining Party may request the establishment of an arbitration panel in accordance with Article 12.7 (Initiation of Arbitration Procedure).

Article 12.6

Good Offices, Conciliation or Mediation

1. The Parties may at any time agree to good offices, conciliation or mediation. Procedures for good offices, conciliation or mediation may begin at any time. They may be terminated at any time upon the request of either the complaining Party or the Party complained against.

(g) be nationals of states having diplomatic relations both with Indonesia and the EAEU Member States.

7. Exclusion of an arbitrator shall take place in case of violation of the Code of Conduct attached as Annex 7 (Code of Conduct for Arbitrators) and in accordance with the procedures detailed in Rules 16 to 20 of the Rules of Procedures attached as Annex 6 (Rules of Procedure for Arbitration).

8. If an arbitrator appointed under this Article resigns or becomes unable to serve, a successor arbitrator shall be appointed within 30 (thirty) days, or within 15 (fifteen) days in cases of urgency, including those concerning perishable goods, in accordance with the procedure as prescribed for the appointment of the original arbitrator and the successor shall have all the powers and duties of the original arbitrator. Any period of time applicable to the proceeding shall be suspended beginning on the date when the arbitrator resigns or becomes unable to act and ending on the date when a replacement is selected.

9. An arbitration panel shall be deemed to have been established upon the date of the appointment of the last arbitrator.

4. The arbitration panel should consult with the disputing Parties as appropriate and provide adequate opportunities for the development of a mutually satisfactory resolution or mutually agreed solution.

5. The arbitration panel shall make every effort to take any decision by consensus. Where a decision cannot be arrived at by consensus, the matter at issue shall be decided by majority vote.

6. At the request of a disputing Party, or upon its own initiative, the arbitration panel may obtain information from any source it deems appropriate for the arbitration panel proceedings. The arbitration panel also has the right to seek the opinion of experts as it deems appropriate. The arbitration panel shall consult the disputing Parties before choosing such experts. Any information obtained in this manner must be disclosed to the disputing Parties and submitted for their comments. Where the arbitration panel takes such information into account in the preparation

of its report, it shall also take into account any comment by the disputing Parties on such information.

7. The deliberations of the arbitration panel and the documents submitted to it shall be kept confidential.

8. Notwithstanding paragraph 7 of this Article, either disputing Party may make public statements as to its views regarding the dispute, but shall treat as confidential any information and written submissions submitted by the other disputing Party to the arbitration panel which that Party has designated as confidential. Where a disputing Party has provided information or written submissions designated as confidential, that Party shall, no later than 30 (thirty) days after a request by the other disputing Party, provide a non-confidential summary of the information or written submissions which may be disclosed publicly.

Article 12.11 **Interim and Final Arbitration Panel Report**

1. The arbitration panel shall issue an interim report to the disputing Parties setting out:

- (a) a summary of the submissions and arguments of the disputing Parties;
- (b) the findings of fact, together with reasons;
- (c) its determination as to the interpretation or application of the provisions of this Agreement, and whether

- (d) any other determination requested in the terms of reference; and
- (e) if there is a determination of inconsistency, its recommendation that the Party complained against bring the measure into conformity with the obligations under this Agreement and, if the disputing Parties agree, on the means to resolve the dispute, no later than 90 (ninety) days, or 60 (sixty) days in case of urgency, after the date of establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel must notify the disputing Parties in writing, stating the reasons for the delay and the date on which the arbitration panel plans to issue its interim report. Under no circumstances should the arbitration panel issue its interim report later than 120 (one hundred and twenty) days after the date of its establishment.

2. Any disputing Party may submit a written request for the arbitration panel to review precise aspects of the interim report within 30 (thirty) days of its issuance. 3. The arbitration panel shall issue its final report to the disputing Parties no later than 45 (forty-five) days, or 30 (thirty) days in case of urgency, after the issuance of the interim report. Where it considers that this deadline cannot be met, the chairperson of the arbitration panel shall notify the disputing Parties in writing, stating the reasons for the delay and the date on which the arbitration panel plans to issue its final report. Under no circumstances should the arbitration panel issue its final report later than 180 (one hundred and eighty) days after the date of its establishment. The final report shall set out the matters listed in paragraph 1 of this Article, include a sufficient discussion of the arguments made at the interim review stage and address clearly the written comments of the disputing Parties.

4. The final report of the arbitration panel is without appeal. In its findings and recommendations, the arbitration panel cannot add to or diminish the rights and obligations provided in this Agreement.

Article 12.12

Implementation of the Arbitration Panel Report

1. Each disputing Party shall take any measure necessary to comply in good faith with the final report of the arbitration panel. If, in its final report, the arbitration panel determines that a measure at issue is inconsistent with the obligations under this Agreement, or that the Party complained against has otherwise failed to carry out its obligations under this Agreement, the Party complained against shall, whenever possible, eliminate the non-conformity with this Agreement.

2. No later than 30 (thirty) days after the issuance of the final report of the arbitration panel, the Party complained against shall notify the complaining Party of the time it will require for compliance with the final report (reasonable period of time), if immediate compliance is not practicable. The disputing Parties shall endeavour to agree on the reasonable period of time.

3. If the disputing Parties fail to agree on the reasonable period of time within a period of 45 (forty-five) days after the issuance of the final report of the arbitration panel, the complaining Party may, no later than 50 (fifty) days after the issuance of the final report, request in writing the original arbitration panel to determine the length of the reasonable period of time. Such request shall be notified simultaneously to the other disputing Party. The original arbitration panel shall issue to the disputing Parties its determination on the length of the reasonable

period of time no later than 20 (twenty) days after the date of the submission of the request.

4. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination on the length of the reasonable period of time shall be no later than 35 (thirty-five) days¹⁹ after the date of the submission of the request referred to in paragraph 3 of this Article.

5. The Party complained against shall notify the complaining Party within the reasonable period of time of any measure that it has taken to comply with the final report of the arbitration panel. The reasonable period of time may be extended by mutual agreement of the disputing Parties at any time before its expiry.

6. In the event that there is disagreement between the disputing Parties concerning the existence or the consistency of any measure notified under paragraph 5 of this Article with the provisions of this Agreement, the complaining Party may request in writing that the original arbitration panel make a determination on the matter. Such request shall be notified simultaneously to the other Party, and shall identify any specific measure at issue and the provisions referred to in Article 12.3 (Scope) that it considers the measure to be inconsistent with, in a manner sufficient to present the disagreement clearly. The original arbitration panel shall issue to the disputing Parties its determination no later than 45 (forty-five) days after the date of the submission of the request.

7. In the event that any member of the original arbitration panel is no longer available, the procedures set out in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than 60 (sixty) days²⁰ after the date of the submission of the request referred to in paragraph 6 of this Article.

Article 12.13

Compensation and Suspension of Concessions or Other Obligations

1. If the Party complained against fails to notify any measure taken to comply with the final report of the arbitration panel in accordance with Article 12.12 (Implementation of the Arbitration Panel Report), or if the arbitration panel determines that any measure notified under Article 12.12 (Implementation of the Arbitration Panel Report) does not exist or is inconsistent with any provision of this Agreement, the Party complained against shall enter into

¹⁹ For greater certainty, the period of 35 (thirty-five) days does not include any days suspended pursuant to paragraph 7 of Article 12.8 (Composition and Establishment of the Arbitration Panel).

²⁰ For greater certainty, the period of 60 (sixty) days does not include any days suspended pursuant to paragraph 7 of Article 12.8 (Composition and Establishment of the Arbitration Panel).

negotiations with the complaining Party, with a view to reaching a mutually acceptable agreement on compensation.

2. If the disputing Parties fail to agree on compensation within 30 (thirty) days after:

(a) the expiry of the reasonable period of time; or

(b) the issuance of the arbitration panel's determination that any measure notified under Article 12.12 (Implementation of the Arbitration Panel Report) does not exist or is inconsistent with any provision of this Agreement,

as the case may be, the complaining Party has the right, upon notification to the Party complained against, to suspend concessions or other obligations arising from this Agreement of equivalent effect to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. The notification shall specify the level of concessions or other obligations that the complaining Party intends to suspend and indicate the reasons on which the suspension is based. The complaining Party may begin implementing the suspension 20 (twenty) days after the delivery of its notification to the Party complained against, subject to paragraph 4 of this Article.

3. In considering what concessions or other obligations to suspend pursuant to paragraph 2 of this Article:

(a) the complaining Party should first seek to suspend concessions or other obligations with respect to the same sector as that in which the final report of the arbitration panel referred to in Article 12.11 (Interim and Final Arbitration Panel Report) has found an inconsistency with the obligations under this Agreement;

(b) if the complaining Party considers that it is not practicable or effective to suspend concessions or other obligations with respect to the same sector, it may suspend concessions or other obligations with respect to other sectors; and

(c) the complaining Party will take into consideration those concessions or other obligations the suspension of which would least disturb the functioning of this Agreement.

4. The Party complained against may request in writing the original arbitration panel to make a determination on whether the level of concessions or other obligations that the complaining Party intends to suspend is equivalent to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. Such request shall be notified to the complaining Party before the expiry of the 20 (twenty) day period referred to in paragraph 2 of this Article. The original arbitration panel, having sought, if appropriate, the opinion of experts, shall issue to the disputing Parties

its determination no later than 30 (thirty) days after the date of the submission of the request. Concessions or other obligations shall not be suspended until the arbitration panel has issued its determination and any suspension shall be consistent with the arbitration panel's determination.

5. In the event that any member of the original arbitration panel is no longer available, the procedures laid down in Article 12.8 (Composition and Establishment of the Arbitration Panel) shall apply. The time limit for issuing the determination shall be no later than 45 (forty-five) days²¹ after the date of the submission of the request referred to in paragraph 4 of this Article.

ANNEX 2

PRODUCT SPECIFIC RULES

General Notes

For the purposes of this Annex:

1. The first column of the list contains chapters, headings or subheadings and the second column sets out descriptions of the goods. Goods in this list are determined solely by the HS codes of the goods. The names of the goods are used only for convenience.

Where, in some cases, the entry in the first column is preceded by an “ex”, this signifies that the origin criterion in the third column applies only to the part of that subheading, heading or chapter as described in the second column. In these cases, the goods are determined both by the HS codes and by description.

2. **“Chapter”** means a chapter of the HS (2 digits);

“Heading” means a heading of the HS (4 digits);

“Subheading” means a subheading of the HS (6 digits);

“CTC” means change in tariff classification at the HS 2, 4 or 6-digit level (CC, CTH, CTSH);

“CC” means that all non-originating materials used in the production of the final goods have undergone a change in tariff classification at the HS 2-digit level (change in chapter);

“CTH” means that all non-originating materials used in the production of the final goods have undergone a change in tariff classification at the HS 4-digit level (change in heading);

“CTSH” means that all non-originating materials used in the production of the final goods have undergone a change in tariff classification at the HS 6-digit level (change in subheading);

“QVC [...] %” means that percentage of the qualifying value content which is calculated using the formula set out in Article 3.5 (Calculation of Qualifying Value Content) is not less than [...] per cent;

“CTC or QVC [...] %” means either the requirement to undergo a change in tariff classification at the HS 2, 4 or 6-digit level or to reach the qualifying value content which is calculated using the formula set out in Article 3.5 (Calculation of Qualifying Value Content) of not less than [...] per cent;

“CTC, except from [...]” means the requirement to undergo a change in tariff classification at the respective HS 2, 4 or 6-digit level, provided that

the non-originating materials from the specified chapter, heading or subheading are not used in production of the final goods.

3. The requirement of change in tariff classification shall apply only to non-originating materials.

4. The origin criteria specified in the third column of the list define the minimum requirements for production operations. A greater number of production operations made beyond the minimum requirement shall also confer the origin of goods.

The arbitrator shall disclose such interests, relationships or matters by informing the disputing Parties, in writing, for their consideration.

5. 11. An arbitrator shall not engage in any *ex parte* contact concerning the proceeding.

Independence and impartiality of arbitrators

12. An arbitrator shall be independent and impartial, and avoid creating an appearance of impropriety or bias, and shall not be influenced by self-interest, outside pressure, political considerations, public clamour, loyalty to a Party or fear of criticism.

13. An arbitrator shall not, directly or indirectly, incur any obligation or accept any benefit that would in any way interfere, or appear to interfere, with the proper performance of his or her duties.

An arbitrator or former arbitrator shall not at any time disclose or use any non-public information concerning a proceeding or acquired during a proceeding except for the purposes of that proceeding and shall not, in particular, disclose or use any such information to gain a personal advantage or obtain an advantage for others or to affect the interest of others.
